## BRIVO INTEGRATED SECURITY PLATFORM

### CLOUD-BASED SECURITY MANAGEMENT PLATFORM

#### Access Control

Automate building access control and reporting

**Video Surveillance**  
See real-time facility views and review visual records

#### Mobile Management

Manage security from any mobile device

**Identity Management**  
Create credentials and manage permissions across systems

#### Visitor Management

Create a welcoming and safe visitor experience

**Data Analytics**  
Analyze trends for actionable physical security insights

### FULL INTEGRATION OF BRIVO AND EAGLE EYE

Easily view live and event-linked video from within the Brivo Onair UI and mobile administration app.

#### BENEFITS

Correlate video with access control events. Automatically link access events to their video clips to monitor facility activity.

Remotely unlock doors while seeing a live view. Use your mobile device to view live activity and remotely open doors with the click of a button.

Leverage multi-platform access control and video. Use Brivo Onair to play back recorded video or view live streams on your desktop or mobile devices.

### ONE, COMPLETE SOLUTION TO MANAGE VIDEO AND ACCESS CONTROL

### BRIVO MOBILE PASS

Reduce the hassle of lost or forgotten credentials by issuing mobile credentials and digital badges

Increase Security without a biometric reader using fingerprint and facial recognition already built into smartphones

Assign credentials from anywhere by sending directly to the user's smartphone

Increase efficiency with Magic Button by using one button to open multiple doors

### THE SMART AND SAFE WAY TO OPEN DOORS

Brivo Mobile pass combines the security you need with a convenient and user friendly app.
